

ROME & FLORENCE - Travertine

General: The ageless architectural versatility of Travertine is replicated in this beautiful selection of Vein Cut and Cross Cut porcelain stoneware. This hard wearing and sustainable material is authentic to the real stone in texture, veining and colours - but with the added advantage of stain, scratch and chemical resistant.

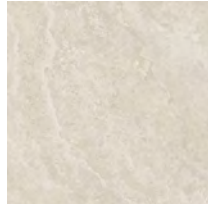

Available in 4 beautiful colours, and a multitude of sizes plus special decors - for both internal & external uses. Also available in 20mm pavers for heavy duty landscape areas and raised flooring.

Applications: All commercial and residential applications for both floor and wall. Create various edge detailing & laminations for steps, pool surrounds / copings, as well as custom internal & external designs.
